If you’re like most people, you probably have a pretty good idea of what you’re going to pay when you go grocery shopping, or when you need to replace your cell phone. But, change the conversation from everyday purchases to the topic of healthcare prices, and we’re all pretty much in the same place—the dark.

Healthcare Bluebook is an online tool that can help you better understand what you should pay for healthcare procedures, as well as find providers offering fair prices in your area—all at no cost to you. You can easily access it any time on your member website at www.meritain.com.

Helping you make sense of your healthcare costs

If you’re scheduled for one of the following procedures, you may be contacted by a Healthcare Bluebook representative:

- Heart perfusion imaging
- Colonoscopies
- Most CTs
- Ear tube placement (typanostomy)
- Most MRIs
- Knee arthroscopy
- Sleep study
- Lithotripsy
- Transthoracic Echocardiogram (TTE)
- Removal of adenoids
- Transthoracic Echocardiogram (TTE) (with doppler)
- Shoulder arthroscopy
- Cataract surgery
- Tonsillectomy
- Cholecystectomy (laparoscopic)
- Upper gastrointestinal endoscopies

Your representative will research your healthcare options, including ways to save you money while getting you the highest quality care. Healthcare Bluebook will review your medical benefits, possible rewards and other available incentives to make sure you don’t end up overpaying.

You don’t have to wait for a call to get started

Healthcare Bluebook is easy to find.

- First, log in to your member portal at www.meritain.com.
- Then just click on the Health Tools tab along the top menu bar.
- The Healthcare Bluebook link is located on the left-hand side of your screen.

Once you’re logged in, you can simply search for prices using the drop-down menu options, or by entering text in the search box. If you know the name of the procedure or service, you can type it in the search box to quickly find related information.

If you need more information, we’re here to help. Just call Meritain Health using the number on your member ID Card.
